THE WATER'S FINE — Visitors continued to flock to Holland State Park on Monday as the current heat wave continued, with a high Monday of 86 degrees. Park officials said that Monday night, for the first time this year, every camping site in the park was filled, with quite a few trailers and tenting parties finally turned away. Filling the camp-

sites requires 187 tents and 202 trailers. The park had 7,600 visitors Monday, which park workers said is above average for a week day. The water temperature continued its climb, going from 67 on Monday to 68 Tuesday. Warm weather and rolling whitecaps made the swimming ideal Tuesday. (Sentinel photo)

Trying for its fourth straight district crown, the Holland A League Legion All-Stars will play host to the Grand Rapids Legion All-Stars Friday and Saturday, July 11 and 12 at Riverview Park.

Kiwanians Told Of Experiences

Paul Lydens, Hope College student, gave an eye-witness account of his harrowing experience in the hurricane at Cameron, La., last summer, at the weekly meeting of the Holland Kiwanis Club Monday night.

Lydens, a part-time employee of an oil company last summer, told of the devastation brought by 130 mile an hour winds and high water which took more than 700 lives in the area.

He stated a terrible menace was alligators and poisonous snakes which climbed to high ground where survivors of the storm had fled. Lydens said he personally killed hundreds of snakes and a number of alligators following the hurricane.

William Meengs introduced the speaker. The invocation was given by Dan Vander Werf. Second vice-president Robert Hall presided at the meeting which was held at Kamp Kiwanis.

Guests were Jerry Roper and J. Woltman of Holland and Rein Penning of Patterson, N. J.

James G. Brower Appointed Holland Township Supervisor

James G. Brower, of 3221 Bee-line Rd., was appointed supervisor of Holland township at a meeting of the township board Tuesday night. Brower succeeds John L. Van Appledorn who lives in the Apple Ave. area which has been annexed to Holland city.

The new supervisor has been serving as secretary of the permanent zoning board of Holland township since 1955. He will resign this post to become township supervisor. He also is terminating an association at Venhuizen Auto Co. where he was employed on two different occasions for a total of 12½ years. For the past 10 years he has been conducting insurance work on a part-time basis and plans to continue this work.

Brower was born in the North Holland area and started his schooling in a two-room rural school. He was graduated from Holland High School and Holland Business Institute. He worked as an auditor for the Michigan Department of Revenue 'or 2½ years working out of the Grand Rapids office. He also was an accountant and office manager for Elzinga and Volkers, Inc., general contractors, for 3½ years.

During World War II he spent 31 months with the U.S. Army transportation corps, spending most of the time in overseas duty in the European theater.

Brower is a member of North Holland Reformed Church and librarian for the Sunday School.

He is married and has two sons. Mrs. Brower is the former Evelyn Avery of Jones, Mich.

Brower takes over as supervisor on July 4, the day annexation becomes effective in Ottawa county. Van Appledorn will continue to counsel the township board in the "settling up" processes between city and township in the annexation program.

In his new post, Brower will represent Holland township on the Ottawa County Board of Supervisors and also will be a member of the Holland township board.

Three scientists — Drs. Irving Langmuir, Vincent J. Schaefer, and Bernard Vonnegut — are credited with having started the first artificial snowstorm in the United States in 1946. They air-dropped dry ice on clouds over Mount Greylock, Massachusetts, the National Geographic Magazine recalls.

Federal Plans School Vote

School board elections will highlight the Federal School district's annual meeting Monday evening, July 14, at 8 p.m. at the school.

Two board members will be elected to three-year terms, and one member must be elected to serve out the unexpired term of Andrew Vinstra, who moved out of the district. Vinstra's term has one more year to run.

Expiring are the terms of Raymond Kootstra and Jack Niebber. Carroll Norlin is the other member of the board.

The district will also vote on the proposition to raise one mill for school operation for one year. The board announced today that debt millage will be set at 4.5 mills.

Last year, seven mills were raised.

The board could raise as many as nine mills by voted authority, but due to increased state equalized valuation, millage could be cut. Individual taxpayers can determine their equalized valuation by multiplying their assessed valuation by 3.09.

Holland Netters Capture Singles, Doubles Crowns

GRAND RAPIDS (Special) — A pair of 13-year-old tennis "veterans" and a "seasoned" 11-year-old gave Holland two Michigan Junior Center tennis championships Friday in the under 13 age division at the Franklin St. courts.

Ken Harbin and Tom Essenburg, who were finalists in the same bracket last year, avenged the loss with 7-5, 6-2 victory over state singles champion Tom Deur and Randy Nykamp, also of Holland.

Earlier in the afternoon, the 11-year-old Deur, who has been playing tennis for only two years, stopped Harbin for the singles title with a 6-3, 6-1 win.

Harbin and Essenburg, each 13, put eight years of experience into the finals. Both living almost within sight of the Holland 21st St. courts, Harbin has been playing for five years and Essenburg, three.

In 1957, this duo was beaten by Bryon Hopma of Muskegon and George Maentz of East Grand Rapids.

And last week in the Holland tournament, they were upset by Deur and Brian Marcus. Marcus couldn't play in the state tourney because of a knee injury he received Monday when he struck a tree while riding his bicycle.

In the doubles finals Friday, Deur and 12-year-old Nykamp took an early lead of four games to two. But Harbin and Essenburg, thinking of '57, started playing steadier and more consistent. This combination gained them the title.

Deur showed real class in winning the singles crown. After spotting Harbin the first two games and then trailing 3-2, he put his forehead crosscut shot to work and took the next four games in the first set and followed a similar pattern in the final set. Last year Deur was eliminated in the quarterfinals and Harbin in the semis.

The quartet also learned their tennis in the summer City Recreation program. Nykamp has been playing for three years. He and Deur are students at Central Christian School while Harbin is at Jefferson School and Essenburg at E. E. Fell Junior High.

In other Junior Center activity, Bob Gill of Kalamazoo won the under 15 doubles with a 6-4, 5-7, 6-2 win over Denton Johnson of Hamtramck. Ben Emdin and Bob Zandee of Grand Rapids won the under 15 doubles with a 6-4, 6-7, 7-5 win over Pete Monroe and Ted Bonneau of Detroit.

Ray Senkowski of Hamtramck won the under 18 title with a 6-0, 6-2, 6-4 victory over Francisco Castillo, his teammate. Senkowski and Castillo teamed to whip Scott Maentz of East Grand Rapids and Ken Mike of Detroit for the doubles title. Scores were 6-3, 6-1, 10-8.

Virginia Hesse of Hamtramck won the under 18 girls crown with a 6-2, 4-6, 8-6 win over Phyllis Saganski of Hamtramck. This duo teamed to win over the doubles with a 6-2, 8-6 win over Bonnie and Judy Ellis of Grand Rapids.

In the under 15 girls, Sharon Pitula of Detroit edged Nancy Daubenmeyer of Dearborn, 7-5, 2-6, 6-2. The two girls defeated Ann Hathaway and Nancy Foote of Muskegon, 7-5, 6-0. Miss Hathaway won the under 13 title with a 6-4, 6-1 win over Sylvia Hooks of Hamtramck.

Peaches Bartkovic and Susan Dykes of Hamtramck stopped Elaine Rajewski and Mary Goryl of Muskegon, 6-1, 6-0 for the under 13 doubles title.

Zeeland Chix Defeat Bears

ZEELAND (Special)—A perfect squeeze play in the bottom of the ninth inning gave the Zeeland Chix an 8-7 win over the Grand Rapids Bears at Zeeland Athletic Field Friday night.

The win was the Chix fifth in six attempts and they will try for their sixth victory this afternoon at Muskegon against the Colored Giants.

The Bears tied the game 7-7 in the top of the ninth but a Chix combined two walks, a fielder's choice and a squeeze bunt by Ron Van Dyke to score the winning run. Police homered for the Bears in the second inning while Tony Wentzel, Whitey Witteveen and Ken Wiersma each had two hits to pace the 10-hit Zeeland attack. Ted Boeve and Vern Hoeksma, who relieved in the ninth, gave up eight hits. The Bears made three errors and the Chix, one. Zenne was the losing hurler.

Girl Knocked Down By Motorbike at Park

GRAND HAVEN (Special) — Irene Hall, 17, who lives at the Edward P. Kirby residence at 520 Washington St., was knocked down by a motorbike at 4:10 p.m. Thursday near the entrance to Grand Haven State Park and received injuries to her hip and ribs. She was admitted to Municipal Hospital.

Mark E. Van Keulen, 15, Grand Rapids, driver of the bike, charged with failing to yield the right of way to a pedestrian, was turned over to Probate Court.

Miss Hall was walking near the entrance and jumped out of the way to avoid the bike at the same time Van Keulen swerved in an effort to avoid her. Walking with Miss Hall was 15-year-old Sharon Klein of Sheldon Rd. She was not injured.

Mr. and Mrs. Frederick Van Dam

Miss Joyce Muriel Vos became the bride of Frederick Van Dam June 19 in a double ring ceremony at Hamilton Reformed Church. The Rev. Norman Van Heukelom performed the rites and Mrs. Bud Ten Brink provided organ music. The Rev. Donald Brandt sang "I Love You Truly" and "The Lord's Prayer."

Parents of the couple are Mr. and Mrs. Bert Bos of Hamilton, and Mr. and Mrs. Harry Van Dam of 350 East 24th St., Holland. The bride chose a chapel length gown fashioned with a lace bodice, scalloped neckline and bouffant skirt with lace medallion inserts. Her fingertip veil of imported English illusion was held by a cap of chantilly lace studded with iridescent sequins. She carried a bouquet of white carnations and yellow roses with a white Bible and lace handkerchief.

Miss Carol Bouwman, maid of honor, wore a blue gown and carried a nosegay of yellow and white carnations. Richard Van Dam, brother of the groom, was best man. The guests were seated by the groom's brother, Harvey Van Dam, and Harvey Knapp.

The bride's mother selected a navy blue dress with white accessories, and the mother of the groom wore a black dress and white accessories. They each had a corsage of red and white carnations.

Rev. and Mrs. Van Heukelom were master and mistress of ceremonies at a reception for 80 guests in the church chapel. Miss Karla Davis and Miss Carol Nyhof, cousins of the bride and groom, assisted in the gift room. Mr. and Mrs. Bob Berens were in charge of the guest book. Miss Myrtle Hulst and Miss Audrey Ten Broeke poured punch.

Waitresses were the Misses Annette Cross, Eleanor Reimink, Patricia Lugten, Cheryl Veen, Jean Kaper and Virginia Ver Burg. The parents of the groom entertained at a rehearsal luncheon. Mrs. Gerald Kenneth Schram (Prince photo)

Miss Iris J. Vanden Bos Wed to Gerald K. Schram

When Miss Iris Joan Vanden Bos walked down the chapel aisle at Western Theological Seminary Saturday afternoon at 3 o'clock to meet her groom, Gerald Kenneth Schram of Ferndale, she was lovely in a floor length sheath of embroidered silk organza. Her father escorted her down the bridal aisle which was marked with white satin bows and lemon leaves.

The bride is the daughter of Mr. and Mrs. Benjamin Vanden Bos, 1699 South Shore Dr., and the groom's parents are Mr. and Mrs. Harry C. Schram of Ferndale.

The bridal gown was designed and made by the bride's aunt, Mrs. M. H. Westfall of Detroit. The sheath dress featured a scalloped V neckline, three quarter length sleeves and an organza bow at the back waistline. The gown was completed by an organza chapel train starting at the hip-line. A matching pillbox of silk organza trimmed with seed pearls held in place the shoulder length veil of French illusion. The bride carried a white Bible with Amazon lilies and Stephanotis.

Dr. Bastian Kruitthoff performed the double ring ceremony in a setting of palms, ferns, candelabra and bouquets of white mums.

The traditional wedding music was played by the organist, Miss Geraldine Walvoord, who also accompanied the soloist, Mrs. Donald Frankenstein when she sang "I Love You Truly" and "The Lord's Prayer."

Bridal attendants were Mrs. David L. Mulder, matron of honor, Mrs. Charles F. Feeley of East Lansing and Miss Kathryn Leech of Detroit, bridesmaids. They wore identical sheath gowns of white lace over aqua taffeta with aqua taffeta cummerbunds. Crowns of aqua daisies and white snapdragons completed their costumes. They carried long-stemmed aqua majestic daisies and white

snappdragons.

Serving the groom as best man was Benjamin Vanden Bos Jr., brother of the bride. Ushers were William Fouty of Jackson and Robert Vozel of Ferndale.

The bride's mother selected a sheath of imported French champagne lace over ivory satin with champagne and white accessories. A corsage of Hibbard roses completed her ensemble. The groom's mother wore a sheath of imported pink lace over organza with pink and white accessories and a pink and white rose corsage.

A reception for 250 guests was held at 4 o'clock at the Castle with the receiving line on the dance dune. Mr. and Mrs. Frank Jansma of Canonsburg, Pa., served as master and mistress of ceremonies. Miss Peggy Kole and David Tyink asked guests to sign the bride's register. Miss Ida Jansma and Miss Janet Vanden Bos were in charge of the gifts.

For their wedding trip to Northern Michigan, the bride chose a blue plaid semi-chemise costume with white accessories. She wore a corsage of Amazon lilies from her wedding bouquet.

The bride is a graduate of Holland High School and a June graduate of Western Michigan University. She will teach at Starr Elementary School in the fall. The groom was graduated from Lincoln High School in Ferndale, attended the University of Michigan and Kalamazoo College and is doing graduate work at WMU.

Mr. and Mrs. Schram will be at home at 1030 West Main, Kalamazoo after July 5.

World War I Comrades Attend 40th Reunion

A goal of 77 members of the "77ers" standing at the grave of "Capt. 77" Tom Thoits Friday afternoon was more than realized when 85 men of the 1st Company, 3rd Officers Training School of World War I honored their leader at graveside ceremonies at Oakhill Cemetery, Grand Rapids.

The unique group of men, only known group of trainees from World War I who have maintained contact with each other over the period of years, is observing the 40th reunion.

For the past two reunions meetings have been held at Castle Park. Before that they were held at the Macatawa Hotel where Simon D. Den Uyl of Macatawa and Detroit played host to the group.

Out of a possible 110 of the original 204 in the group, 87 members and many wives are enjoying the reminiscences, games, and other planned entertainment. At a dinner Friday night at the Castle, 125 attended.

Ten of the group have never attended a reunion and others have come year after year. There are six from California; two from Washington; four from Florida and others from almost every state in the union.

Mr. and Mrs. Den Uyl entertained the group at a canape party at The Castle Friday. Den Uyl showed his pictures taken during past reunions with every person attending represented.

The weather has been perfect for all reunions, according to Lester Baldorff of Detroit, who is the president, secretary and organizer for the group.

Local Float Is Big Hit at Mackinaw

Holland's beautiful Tulip Time float with its big windmill and Dutch canal boat was a big hit in the Mackinaw City parade Friday afternoon in connection with the three-day festival dedicating Mackinac Bridge.

Mary McLean, Holland's Official hostess, called her mother around midnight to say the float attracted a lot of attention in Friday's parade. A Cheboygan radio station had described it as one of the prettiest and most colorful in the parade. There was a lot of complimentary comment on the float at Grand Hotel on Mackinac Island where Mary is staying.

Friday's pleasant experiences were in direct contrast to Thursday's events in St. Ignace where an 80-mile gale ruined floats and reduced a three-hour parade to about an hour. Mary was on Mackinac Island and ferry service had been halted because of the storm.

Recalling that the parade would go on, rain or shine, Mary donned her Dutch costume and wooden shoes, put on a raincoat and hired a power boat at the docks to take her to Mackinaw City. The trip across was frightening and half-way across the boat stopped to pick up an overturned boat which it towed to the mainland.

Float Designer Newman who knows what an 80-mile gale can do to a float, wisely kept Holland's float inside all day Thursday. Consequently, it was in excellent shape for Friday's parade. A few Holland children in costume joined Miss McLean on the float.

Grand Haven Mall Must Go By July 7

GRAND HAVEN (Special) — Grand Haven's downtown mall will remain until July 7 but no longer.

This was a compromise settlement decided by pro and con factions at 3 p.m. Thursday after a flurry of legal developments produced a rash of changing decisions. The bombshell hit about mid-morning when Atty. James W. Bussard, representing 13 downtown businessmen opposed to the mall, sent a letter to City Council in care of City Clerk J. Nyhof Poel, that he had been instructed to use whatever legal steps might be necessary to do away with the two-block garden spot and restore that section of Washington St. to its normal traffic uses before the July 4 holiday weekend.

It appeared at first that merchants who had been promoting the mall gave up the fight, but during a three-hour lunch meeting they thrashed out all angles and by 3 p.m. appointed Al Jonker, hardware dealer, and Oscar Anderson to meet with Bussard in an effort to adhere to the July 7 closing date.

After a conference, Bussard said he would recommend to his 13 constituents that no action be taken before July 7 in view of the fact that it would be impossible to set a date for court hearing by that time.

In the discussion with the attorney, Jonker and Anderson said three factors would have to be considered before a downtown mall could become permanent in Grand Haven. More parking lots would have to be improved to resemble front entrances to some degree, and both Franklin and Columbus Sts. would have to be widened for two-way traffic, they said.

Traffic was closed in the two-block area June 9 to prepare the garden spot for its grand opening June 12. The experiment was to cover 10 days, but during the second week City Council extended the period to three weeks. Some merchants who were strongly in favor of the mall had hoped it would last all summer.

LIVING DANGEROUSLY

It used to be quite the thing for commencement speakers to advise the graduates to "live dangerously." That handy theme for addresses by speakers who usually had little stomach for applying their advice to themselves is not often heard these days. There's a reason.

We are all compelled to live so dangerously that that alleged happy state has lost much of its charm.

Almost every day and hour the air waves crackle with the danger signals, and every newspaper every day adds its quota of alarms. Anyone who panics easily would get the impression that the world is on the brink of disaster ten times a month.

Only a matter of a few weeks ago it was not unreasonable to suppose that France was about to collapse. Then, when France broke up, we were told, NATO would break up. And when NATO went, then the free world would collapse and fall a victim to communist aggression.

The French crisis has of course not been solved, but most of us have learned to take the alarms at with a little salt. That "crisis" at least has been relegated to the inside pages, and the radio announcers have been more or less forgetting about it.

Its place was promptly taken by Lebanon. If that tiny country is swallowed up by the forces of communist reaction, then, we are assured, all the other countries of the Middle East will follow suit. And that will mean that the whole Arab world will be lost to freedom.

Along with Lebanon, there is the "problem" of Cyprus. And also along with those two there is the "crisis" in Indonesia. And there are other "crisis" sprouting all over the map of this sad old world. If ever the nations of the world "lived dangerously," it surely is today.

The contrast of our world with the world of the nineteenth century is so great that it is startling. Domestically also we here in America are forced to "live dangerously," and it is obvious that we don't like it nearly as much as the comfortable public speakers of a generation or two ago suggested we would.

Instead of the advice to "live dangerously" (we just can't dodge doing that anyway), there is need of advising people not to panic too much, to keep their chins up, to remember that "crises" have a way of fading out of the news, that the best way to meet danger is not to ignore it but to face it with the faith that the end of civilization is not likely to come next week.

More people make more problems so we must learn to live in our modern way of life. We can still be careful.

The Justice and Mercy of God
Deuteronomy 10:12-15; 10:17 - 11:1;
Romans 5:6-11
By C. P. Dam-

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)

During the third quarter we are going to study some "Principles of Social Justice." After a person becomes a Christian he must apply the teachings of Christianity to every sphere of his life and to the life of the society in which he lives and this is a hard task. We must first learn what is Christian and then apply that which is Christian to our daily lives.

I. We have to do with a God who makes demands upon us. The lesson text is taken from two passages, one from Deuteronomy, in the Old Testament, and the other from Romans of the New Testament. The name Deuteronomy means "the second law." The people of Israel were about to go into the Promised Land and Moses realized they needed instructions regarding life there and how to be successful.

Moses told them about God's requirements. God was their Sovereign. The people were told "to fear the Lord," "to walk in all his ways" and "to love him, and to serve the Lord" with all their hearts and souls. "If the nation had done that their history would have been much different. In the Lord's commandments and statutes he revealed his will. Doing the will of the Lord leads to benefits and blessings. There are different ways of doing the Lord's will. The person who tries to do all of the Lord's commandments is wholehearted and fervent and brings gain to himself. It pays to do God's will. Sin does not pay.

II. God's love deserves a response. The whole earth belongs to the Lord. God chose Israel from all the nations of the earth to be his own in a special manner. Why did God choose Israel? Other nations were more advanced in culture and civilization than Israel and yet God chose a people about whom there was nothing attractive. The only answer is that God chose Israel because of his sovereign grace.

Those who have been favored should show it by their conduct. In times past it was common to exploit the needy and helpless — some still do this. The fatherless, the widow and the stranger, were often mistreated. God pronounces judgment upon those who exploit orphans, widows and strangers. Israel was a highly privileged nation and therefore under obligation to God who had favored them so signally. If Israel failed to show appreciation for a godly conduct they would be guilty of ingratitude. Those who have received much from God should share with others what they have received.

III. At the cross justice and mercy meet. The writers of the epistles like to state two truths about Jesus — his death on the cross and his resurrection from the grave. Paul says that when we were yet without strength, in due time Christ died for the ungodly. "The words 'without strength' suggest spiritual weakness. It is also stated that 'God commendeth his love towards us, in that while we were yet sinners Christ died for us.' It is reasonable that no one would die for a righteous man although some one might die for a good man. The righteous man stirs up no compassion, the good man might. Christ laid down his life for sinners who were his enemies. In doing that he did something very unusual and strange. Through the atoning death of Christ, God justified the sinner and maintains his righteousness. No wonder that Christians glory in the cross of Christ.

Wedding Bells Didn't Ring as Often in June

Despite the usual flurry of June weddings last month, not as many girls in Ottawa County "got their men" as last year.

Only 84 marriage licenses were issued during June, compared to a grand total of 113 in 1957. This was a drop of 29 weddings from last year. But take heart, girls, it's still better than in 1956, when only 71 couples took the big step.

Marine Deputy Begins Duties

ALLEGAN (Special) — Allegan County Marine Deputy Hartger E. Winter has announced that he will begin this week to ticket persons operating motor boats recklessly or without license. The Allegan High School science instructor was deputized May 30 to patrol the over 90 Allegan County lakes during the summer months.

Winter stated that he has not yet issued any tickets. However, he has warned many reckless boat drivers, and will now begin to issue tickets. According to law, boats can not be operated in a reckless manner or at an excessive rate of speed which would endanger the life or property of any person in or on the water.

Although there have been no motor boat accidents in the county this summer, there have been several near accidents, Winter said.

The deadline for registering motor boats was in March. However, many boats are still not licensed. The registration number must be placed on the boat in a way that it can be easily seen. The marine deputy stated that he will ticket any boat without registration, unless it was just purchased.

Winter centers his patrolling duties on the thirty-five larger lakes in the county. He stated that he covers three small lakes or one large lake in one afternoon. He spends most of his time on Green Lake in Leighton Township, Minor Lake and Dumont Lake in Allegan Township, Lake Allegan in the Allegan State Forest, Eagle Lake in Cheshire Township, and the mouth of the Kalamazoo River, at Saugatuck.

Majority Of Interior Destroyed

No Cause for Blaze Determined; Fire Discovered at 1:55 a.m.

Fire of undetermined origin swept through the interior of Skipper's tavern at 129 East Eighth St. shortly before 2 a.m. Saturday resulting in damage estimated at more than \$25,000.

Fire Chief Dick Brandt said the fire originated at the rear of the building in an area between the cooler and the rest rooms. When firemen arrived, a plate glass window in front already was cracked.

Two firemen donned gas masks to enter the building and provide ventilation. One also went into the basement to shut off the gas furnace. Firemen laid two 2½ inch fog lines to smother the stubborn blaze. They remained on the scene close to two hours.

The interior of the building was thoroughly scorched with the greatest damage toward the rear where the take-out business is done. Plastic seats on bar stools curled and cracked and the bar was thoroughly charred.

Raymond Schipper, the owner, said he emptied all ash trays and burned wastes in a drum outside according to regular custom before he left the tavern at 1 a.m. He was called back shortly after 2 a.m. He said the place had been completely renovated and rewired before he moved into the location May 2, 1956.

Previously, he and his wife, Estelle, operated Skipper's almost directly across the street for ten years. Before that they operated the Covered Wagon on River Ave. for three years, making 15 years that they operated a tavern in Holland.

Schipper called in contractors early this morning to make plans for rebuilding the interior. "I'd like to be back in business by Fourth of July," he said.

The blaze was first noticed by a passerby who tried to rouse firemen in the station almost directly across the street. But because sleeping quarters are quite some distance away, his knocking on the door went unnoticed and the man drove to police headquarters where Night Captain Neal Plagenhoef called firemen.

Damage was confined to the main floor of the building. An unoccupied apartment on the second floor was not damaged except for possible smoke damage. The basement similarly was untouched.

Fire Chief Brandt praised the firemen for doing a good job on checking a stubborn fire. He said it was the first fire with appreciable damage in quite some time in Holland.

Firemen also were called out at 2 p.m. Friday to 17th and College, but no fire could be found. The alarm came through a phone call.

Zeeland

The local school board, at their monthly meeting last Thursday, set the annual school election polling hours for 1 p.m. to 8 p.m. Monday, July 14. Adrian Wiersma, present secretary of the board, is the only member whose term expires this year. He has filed a petition for re-election, and is apparently unopposed. No other candidates have filed. The deadline for filing was Tuesday.

In other action the board approved the purchase of another set of movable steel bleachers for the athletic field. The new section will make room for 160 more seated spectators at sports events and will bring the field's seating capacity to about 1,550 persons. Steel bleachers to augment the old wooden facilities have been purchased each summer for the past three years.

The board also authorized Supt. J. F. Schipper to investigate the cost of installing lighting equipment on the new tennis courts presently being constructed east of the new high school building.

Plans may include a coin device to operate the lights for night tennis players. This would prevent the lights from burning while the courts are not actually in use, and would help defray operating expenses. Cedar Springs has such a device at that city's tennis courts and the idea has met with general approval here.

Board members also approved the removal of the old Lokers and Feenstra homes adjacent to the Lincoln elementary school, this fall. The homes were both purchased by the school district within the past year.

Removal of the farm-shop building on Centennial St. near the old kindergarten building will be postponed until after the adult farm-shop classes are finished in November.

Women's Coffee Kletztes Highly Successful Here

About 175 women attended the various Republican coffee kletztes throughout the day Thursday in Holland.

Mrs. Charles E. Potter, wife of Michigan's senior senator, arrived in Holland in time for a luncheon for some 30 local leaders and guests in the Warm Friend Tavern, and then stopped at the afternoon kletztes.

Her Holland visit was part of a 2,000-mile "gingham roundup" of female support for her husband in 34 counties in Michigan. She was accompanied by Mrs. Donald Josephson of Grand Rapids who is serving as chief timekeeper.

Holland was the 14th city that the two women visited since starting the tour at St. Clair Shores Monday morning. So far, they boasted of having met every schedule on time.

Others in Holland to chat Republican politics with the women were Mrs. Ella Koeze of Grand Rapids, Michigan Committeewoman, and Mrs. Jean Backus of Owosso, a member of the State Central Committee. State Sen. Clyde H. Geerlings of Holland also stopped in on many kletztes.

Although all 12 coffees were well attended, those scheduled later in the morning and in the afternoon attracted the most visitors. The final coffee at 3 p.m. in the home of Mrs. Vernon D. Ten Cate was something of a roundup for most participants.

Hostesses who opened their homes for the coffees were Mrs. Alden J. Stoner, Mrs. William De Mols, Mrs. A. Schrotenboer, Mrs. Gerald Van Wyke, Mrs. William De Long, Mrs. Russell Dyke, Mrs. James Timmermans, Mrs. Riemer Van Til, Mrs. Henry Hekman, Mrs. Henry Rotschaefer, Mrs. Marvin Van Eck and Mrs. Ten Cate.

Craft Rams Piling, Sinks

Six persons escaped safely to shore after the boat in which they were riding struck a submerged piling in Lake Michigan Saturday at 4 p.m. and sank three miles south of Holland.

Holland Coast Guard Station Commander BM-1 Walter Sears said the craft was the Jic Jac II, a 22-foot runabout owned and operated by Milton Kneel of Grand Rapids.

Knee was not far from shore when he struck the piling, Sears said, and he immediately turned the craft in toward the beach, until it went down in two-and-a-half feet of water.

Knee, his wife and four passengers waded to shore and none were injured. Workmen from the Jesiek Bros. Shipyard Saturday evening patched the hole, pumped out the water and towed the runabout back in. Bill Jesiek estimated the damage to the boat at \$200.

Coast Guardsmen Sunday went to the rescue of two boats which went aground in Lake Macatawa off Waukegon Point and towed them out to deeper water.

Sears today cautioned the owners of larger boats to stay in the channel in Lake Macatawa, since the water is very low.

Supervisors Hear Reports

ALLEGAN (Special) — Allegan county supervisors reconvened Friday morning to hear E. S. Markel, director of field administration, State Tax Commission, give results of the commission's 1957 appraisal, which was the basis of the 1958 state equalized valuation.

Tax commission crews checked 8 per cent of the county's 29,000 parcels of land, to arrive at a state equalized valuation of \$140,058,000, comparable to the county's \$90,000,000.

The city of Otsego, with a county assessment of \$9,341,900, was closest of all county units to the state assessment of \$12,758,107. Otsego's assessment was 73.22 per cent of the state assessment.

Lowest county-state ratio was Fillmore Township, where the county assessment is 42.49 per cent of the state figure. The overall average of all county units totaled 56.05 per cent of the state figure.

After the report, the board voted to request the tax commission's field crews to return to meet individually with township assessors, sometime after August 1.

The Social Welfare Committee reported on an individual request to purchase county farm property on Dumont Lake for resort purposes. The committee recommended that all lake property be withheld at this time.

An engineer from Viking Sprinkler Company, Grand Rapids, which is installing the fire sprinkling system at Allegan County Hospital, reported that the Health Department would not approve the present water system at the hospital, since the fire mains and domestic water supply draw from the same lines.

The board authorized the building committee to bring the system up to Health Department standards, if the cost does not exceed \$1,000.

Mr. and Mrs. Glenn W. Schrotenboer

Western Theological Seminary Chapel was decorated with white gladioli, blue daisies, palms, ferns and candle trees for the wedding of Miss Jacqueline B. Ortmann and Glenn W. Schrotenboer June 20. The Rev. Simon Vroom read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Harold Ortmann of route 5, Holland, and the groom is the son of Mr. and Mrs. A. J. Schrotenboer of 343 West 34th St.

Given in marriage by her father, the bride wore a gown of nylon organza embroidered with silk floral motifs. The empire bodice was styled with a curved yoke, a ribbon insert and flat bow. The bouffant skirt featured embroidered florets with repeated ribbon inserts and terminated in a chapel length train. Her fingertip veil of illusion was held by a crown of tulle, pearls and iridescent sequins. She carried a white orchid with miniature white carnations and roses.

Mrs. Paul Vroom, matron of honor, wore a gown of white organza over blue taffeta. The fitted bodice was designed with a square neckline and taffeta cummerbund ending in two panels which extended to the hemline. Identical gowns were worn by the bridesmaids, Mrs. LaVern Van Der Ploeg, cousin of the bride, and Miss Marilyn Schrotenboer, sister of the groom. ist and Herm Kolk was soloist. Master and mistress of ceremonies were Mr. and Mrs. Harvin Zoerhof.

The bride's mother chose a sheath dress of blue lace over tulle for her daughter's wedding. The mother of the groom wore a blue peau de sole dress with lace appliques. They both wore accessories and corsages of pink carnations with rosebud centers.

A reception for 150 guests followed the ceremony. Kelly Baker provided piano numbers and also accompanied Allen Timmerman, cornetists, and Mr. Kolk, soloist. Mr. and Mrs. Aud Pelon and Mr. and Mrs. Louis Holtegeerts assisted in the gift room. Miss Janet Bakker and Miss Nancy Lampen served at the punch bowl. Annexation Bid of Agnew Turned Down

GRAND HAVEN (Special) — The Board of Education Monday night discussed possibilities of annexing Agnew school district but voted not to accept the district at this time because of millage differences which would complicate state aid funds.

The daughter of Mr. and Mrs. Richard Borr, 122 East 20th St., and the son of Mr. and Mrs. Elmer Northuis, 112 East 19th St., were united in a double ring ceremony by the Rev. Harland Steele.

Mrs. William Zonnebelt played the traditional wedding music and accompanied the soloist, Roger Northuis, brother of the groom, as he sang "Ich Liebe Dich" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a floor length gown of pure silk organza featuring a fitted bodice. The sweetheart neckline was trimmed with re-embroidered Alencon lace enhanced with iridescent sequins and pearls. The bouffant skirt repeated the Alencon medallions and ended in a full chapel train. Her fingertip scalloped veil of imported illusion fell from a petal cap which was delicately embroidered in sequins and pearls. Her bouquet was designed with two white orchids, ivy and a background of white feathered carnations.

Mrs. Ralph Martinus attended her sister as matron of honor. She was dressed in a ballerina length gown of white organza with sea-foam green swiss embroidery and taffeta cummerbund. She wore a large straw picture hat of matching sea-foam green trimmed in tulle and carried a cascade bouquet of green and white painted daisies.

Wearing gowns identical to the matron of honor and carrying the same type of bouquet, were the bridesmaids, Miss Ruth Vandenberg of Grand Rapids and Miss Myrna Cook, and Miss Judith Lynn Borr, sister of the bride, as junior bridesmaid.

Completing the wedding party were Kenneth Northuis, brother of the groom, as best man; Roger Borr, brother of the bride, Carl Ver Beek and Donald Northuis, brother of the groom, as ushers.

For her daughter's wedding, Mrs. Borr selected a sea-foam green lace dress with white accessories. Mrs. Northuis chose a light blue lace dress with white accessories. Both mothers wore white orchid corsages.

Master and mistress of ceremonies for the reception for 200 guests in the Commons room of the Seminary were Mr. and Mrs. Kenneth Erickson of Detroit, sister and brother-in-law of the bride. Pouring were Mrs. Roger Northuis and Mrs. Donald Northuis. Miss Kathleen Martinus, niece of the bride, was in charge of the guest book.

Mr. and Mrs. Ronald Boeve served at the punch bowl. In charge of the gift room were Miss Sandra Dressel, Miss Shirley Klaasen and Miss Shirley Meiste.

For their wedding trip to Cape Code and several New England states, the new Mrs. Northuis changed to a gray and white chemise with matching duster, white accessories and a white orchid corsage.

The bride is employed at the Michigan Bell Telephone Company. The groom will be a senior at Hope College in the fall. They are both graduates of Holland High School.

The groom's parents entertained the wedding party at a dinner at Van Raalte's Restaurant Wednesday evening.

The bride was fete at pre-nuptial parties given by Mrs. Roger Northuis in Grand Rapids, Mrs. Kenneth Erickson and Mrs. Ralph Martinus in Muskegon, Mrs. Donald Northuis and Mrs. Kenneth Northuis, and Miss Myrna Cook and Miss Ruth Vandenberg.

Following their honeymoon the couple will be at home after July 7 at 47 1/2 East 16th St.

Robert Evans Family Will Spend One Year in Finland

The Fourth of July will be a really big day for the Robert O. Evanses of Lexington, Ky. and Macatawa Park. That's the day they sail for Helsinki, Finland, where Prof. Evans will be Fulbright scholar. It also marks the 11th birthday anniversary of Douglas Evans.

The Evans family has been spending several weeks at their summer home at Macatawa before leaving Tuesday for Montreal, Canada, where they will board the Carinthia. Mrs. Evans is the former Margery Brooks, daughter of Earnest Brooks of Holland.

He received his education at Harvard and the University of Chicago, and taught at the University of Florida where he also took his doctorate.

Prof. Evans traveled through Europe many years ago, but the rest of his family has never been there, so they are planning to tour several European countries. They are looking forward to attending the World's Fair at Brussels in August.

Mr. and Mrs. Evans have two other children, Robert, 16, and Michele, 14. They don't know yet where the children will be attending school, but they have been assured that there are several English-speaking schools in Helsinki. The family doesn't speak Finnish, so they expect to be in for some long sessions with the grammar books.

Mr. and Mrs. Kenneth Peirce entertained for Prof. and Mrs. Evans at a buffet supper June 12. Decorations featured blue ships with red and white flowers. Members of the family and friends were guests.

Lilac Lane Maintenance Is Praised

A letter commending the Ottawa County Road Commission for its work in maintaining Lilac Lane on M-21 has been received from Fred H. Baker of the Hekman Biscuit Co. of Grand Rapids, one of the original promoters of the project.

The letter, addressed to County Engineer Hank Stafseth, read in part: "The maintenance job you have done is not just good; it's terrific! I wish my own back yard looked as good. Frankly, when the job started I was afraid that the initial burst of maintenance enthusiasm would probably die out and that in a few years the lilacs and all other fine plantings would be surrounded by weeds and roadside litter. On the contrary, this year with no publicity pressures or any kind of pressures I know of, I think the maintenance program is even better than at first."

"Many persons who know my interest in this project have commented to me about this. I certainly hope you convey to any others in your department who have worked on this job my sincere compliments and thanks for what has been done."

Stafseth said Clarence Hoffman, foreman of the county branch garage at Zeeland, and his crew are basically responsible for this commendation.

Lilac Lane was initiated a few years ago. Its aim is to plant lilac bushes and provide other plantings in the divided highway boulevards from Holland to Grandville. The lilac blooming season is close to Tulip Time and helps enhance Holland's floral festival for motorists.

6 Accidents Mar Airpark

Six separate accident cost 13 drivers a night of racing at Airpark Speedway Saturday. In the most hectic session of stock car racing in two years, drivers piled high upon drivers, knocking four to five out at a clip. Two were slightly injured.

Bangor's Dale Adams and Allegan's Mike Mankin were both taken to Douglas Hospital. Mankin suffered a slight concussion when his car left the track during a warmup sprint. Adams left the track while testing his car between races. He was treated for a wrenched back.

The Fast Car Dash was held up when Adams and Holland's Carl Bussies collided in the North Curve. Two cars left the South Curve in the First Heat and Marion Goodrich stalled in the middle of the North Curve in the same lap of the same heat.

Junior Terperla of Holland spun out during the Third Heat, taking South Haven's Tom Capps with him.

In the Australian Pursuit, Otto's Bob DePauw, Holland's Junior Ressegue, Benton Harbor's Gene Treder, Holland's Carl Bussies, Dowagiac's Ernie Nash and Saugatuck's Larry Herbert, all piled high in a rending six car smash-up on the back stretch. Bussies' motor dropped out, Nash crumpled his frame. DePauw was towed away, Herbert was through for the night as was Ressegue. Treder navigated off the track but managed to get back for the Feature. The Pursuit, which started with ten cars had dwindled to only two cars by the track clearoff following the second red flag. Dick Lovett finally won it.

In all 13 cars never returned to the track. 17 started the Feature. South Haven's Norm Nelson finally won after the leader — DePauw — was forced out. Lovett was second and after two wins turned in to the night's big winner by the simple means of staying out of trouble.

Next Saturday a forty lap feature and a rollathon will be staged.

May Register Evenings in Clerk's Office

Registration of new voters from newly annexed areas could be a lot better.

City Clerk Clarence Grevengeod said today that only 56 per cent of the people who voted in the June 3 annexation election in the three areas have registered so far as city voters.

Montello Park district has the best record with 310 registering of the 399 voting June 3 for a percentage of 77.69.

Practical difficulties in drives torn up at Apple Ave. school on the day of registration kept Apple Ave. to a minimum. Only 67 registered of the 168 who cast ballots June 3. This percentage was 39.88. In Maplewood, 417 registered in the three precincts out of 827 who cast votes. This percentage was 50.42.

To accommodate persons who did not reregister, Clerk Grevengeod will keep his office in City Hall open three additional evenings this week so that all voters in the new areas may be able to vote in the Aug. 5 primaries.

New Visiting Hours Listed For Hospital

Starting Tuesday, July 1, Holland Hospital will have new visiting hours for patients.

The new program, which will be another 90-day trial period, will restrict visitors for medical and surgical patients in wards to afternoons and evenings. Previously morning visitors had been permitted.

The new visiting schedule for patients in wards will be 1:30 to 3:30 p.m. Patients in private rooms may have visitors from 11 a.m. to noon and 1:30 to 9 p.m. The pediatric schedule remains unchanged—11 a.m. to 12:30 p.m. and 2:30 to 7:30 p.m. This schedule adheres more nearly to nap schedules at home than the other hours.

There will be no change in visitors in the maternity department. Husbands only are allowed in the evening from 7 to 8:30 p.m. Each patient may designate two other visitors for afternoon visits.

For major surgical cases, family members only will be allowed to visit the first three days. Other restrictions for such cases will be on recommendation of the physician or at the patient's request.

The 90-day trial period just ended which allowed visitors in wards in the morning produced some interesting answers on questionnaires. Many patients felt that the long visiting hours did not allow sufficient time for rest or privacy. Quite a few did not care to have visitors at meal time.

GRANDSTANDING • Zuverink Makes Picks

By Randy Vande Vaele
George Zuverink revealed today his selections for the American League All Star team and he didn't pick a member of the New York Yankees.

But the veteran Baltimore Orioles righthander did select his

team from five American League clubs, choosing three members of the Chicago White Sox and one from the Detroit Tigers.

Zuverink could vote for players from any of the American League teams, but his own. As would be expected, most of the picks were identical to the final choices announced.

Detroit's Harvey Kuenn received Zuverink's nod for the center field spot. Kuenn lost a starting berth to New York's Mickey Mantle.

He also chose veteran Cleveland first baseman, Mickey Vernon, over Bill Skowron of the Yanks, who was given the berth. Gus Triandos, Baltimore catcher, won that spot. Zuverink, who couldn't vote for his battery mate, chose Chicago's Sherman Lollar.

Mantle, Kuenn and Lollar were all selected by Manager Casey Stengel on the American League team.

For the other spots, Zuverink went along with the choices. He picked Nellie Fox of Chicago for second and Fox's teammate Louis Aparicio for shortstop.

He liked Frank Malzone of Boston at third while Bob Cerv of Kansas City and Jackie Jensen of Boston were his left and right field selections.

"The players I picked were the ones in my opinion who deserved to play at least the first three innings of the game," Zuverink said. "Then Stengel can put his Yankees in plus Ted Williams."

Zuverink originally planned to occupy a grandstand seat for the Tuesday, July 8 game with the National League stars. But Sunday he was named batting practice pitcher, so he will be donning his uniform and facing the array of American League power prior to the game.

His wife, Lorraine and his sister, Alyce, and her husband, Lloyd Maatman, are expected to attend the game. The Zuverinks live just three blocks from Memorial Stadium in Baltimore.

It will be the first all-star game Zuverink has witnessed. In previous years, he has always come to Holland during the three-day layoff.

PRIMER FOR AMERICANS

COPYRIGHT 1950
SIGURD S. LARSON

You live in the United States of America. You are an American.

Real Americans like their country. They are proud of it. They think it is a good place to live. And they want to keep it good—to keep it getting better and better all the time.

Why is America the way it is? What makes it a good place to live? The answer is simply this:

Throughout our history most Americans have believed that every person has certain *rights* and *duties* and *responsibilities*.

Americans have believed that there are certain things that people *should* do, and other things they *should not* do.

They have also believed in certain things that people *are*, and *are not*.

These things that people believe are called *principles*. This book is an attempt to state the Principles of America in simple, primer fashion so that you can understand them, learn them, and remember them.

This is important. It was because earlier Americans believed in these principles and guided their lives by them, that America has grown to be the good place it is.

If all of us learn and remember these principles—if we also guide our lives by them—then we can help to keep America growing better, and better, and better.

And if we follow these Principles of America, we can help make the world a better place to live in, too.

The Principles of America are these . . .

1. Each Person is of Importance and Value as an Individual.

This is the cornerstone . . . the foundation of all our other beliefs in a person's right to live his own life, to speak for himself, to choose and change his leaders.

From it comes our hatred of those "isms" under which the individual has no value or importance as a person, but is only one of many unimportant people who have to live the way their leaders tell them to.

Coming directly from that first principle are two other principles that are also part of the foundation of Americanism.

2. We Believe that All Men should Enjoy Personal Freedom.

3. We Believe that All Men are Created Equal.

It is worth noting that the Declaration of Independence expressed the belief that "all men are created equal." It did not state or imply a belief that men develop equally or have equal ability, or that they should ever be forced to an exact equality of thought, speech or material possessions.

That would be equality without freedom. Americans have always believed the two should go together.

From the days of the Declaration of Independence and the writing of the Constitution, Americans have known that even though Life, Liberty, and other unalienable rights are granted to man by his Creator, they require some protection by man himself.

So, in our Constitution, and in other laws of our land, there are set down principles to protect the rights and freedoms and equality of individuals. And these principles play an important part in keeping America a good place in which to live.

4. The Right to Freedom of Speech.

This includes freedom of the press, of radio, of motion pictures, of every means by which man may express his thoughts on any subject.

5. The Right to Freedom of Assembly.

As we believe in the right of individual action, so we believe that individuals should be free to act together for the benefit of all. This is Democracy.

6. The Right to Freedom of Worship.

Not only is the individual free to worship as he will, but religions themselves are free and equal . . . regardless of their size or their beliefs.

7. The Right to Security of Person and Property.

Not just one, but three Amendments to the Constitution (4th, 5th and 14th) protect against illegal search and seizure, or loss of life, liberty, or property, without "due process of law."

8. The Right to Equal Protection before the Law.

As individuals are equally important, so laws must apply equally to all, without special privileges for any particular individuals or groups.

9. The Right to Freedom from Slavery.

This includes "the right to quit," for no individual may be forced to work for another.

10. The Right to Petition the Government.

The legally guaranteed right of the individual to "petition the government for redress of grievances" is evidence of the American belief that government is the servant, not the master, of the people.

11. The Right to Vote for people of your choice.

This is the individual's most potent weapon in the protection of his rights and freedoms . . . a weapon that to be effective must be constantly and wisely used.

The Principles of America hold that every man has . . .

12. The Right to a Good Education.

13. The Right to Live where he pleases.

14. The Right to Work where he wants to.

15. The Right to Join and Belong to an Organization.

16. The Right to Own Property.

17. The Right to Start his Own Business.

18. The Right to Manage his Own Affairs.

19. The Right to Make a Profit or to Fail, depending on his Own Ability.

There are other, similar rights of individual action which are Principles of America, but all of these individual rights may be combined in these two broad principles . . .

20. Every Man is entitled to Freedom and Equality of Opportunity.

21. Every Man may Earn his Living When, Where, and How he wants to.

There are also Limiting Principles . . .

Principles of individual freedom sometimes clash with those of individual equality. Therefore our rights as individuals must be limited, and those limitations are themselves principles.

22. The Rights of any Individual shall not Interfere with the Equal Rights of Other Individuals.

Your right to swing your arms stops where the other fellow's nose starts.

23. The Rights of any Individual shall not Interfere with the Welfare of the People as a Whole.

Freedom of speech does not give the individual the right to shout "fire" in a crowded theatre.

24. Every Individual owes Obedience to the Laws under which he Lives.

The individual has the right to talk against a law, to work and vote to change that law, but NOT to disobey that law.

Principles that are Patterns of Behavior . . .

Many of our principles of individual freedom and equality are guaranteed to us by law.

But we have other beliefs, other general rules of action and conduct that have grown to the status of principles. They have stood the test of time. They have worked. They have become a basic part of the way we live and of the way we look at things.

These principles, too, are foundations of Americanism. They are as true, if not more true, today than they were in 1850 or in 1750.

If America stays free, they will still hold true in 2050.

25. Every Man shall be Judged by his Own Record.

A man's family background, his race or his religion, is not as important as what that man himself can do, for Americans believe a man must stand on his own feet.

26. Every Man is Free to Achieve as much as he can.

We believe that where any boy may become President, where any man may achieve greatness, there is the greatest incentive for every man to do his best.

27. To Achieve anything, a Man should be Willing to Work.

Americans have always known that "you don't get something for nothing," that to get anything takes a willingness to work and to work hard.

28. Achievement also Depends upon the Ability to do a Good Job.

Add to "willingness to work" the ability to produce results and the combination is the basis for most individual achievement in our country.

29. Every Man has the Right to a Fair Share of the Results of his Work and his Ability.

Because of this belief, America has not only produced more goods, but they have been more fairly and more widely shared by more people than in any other country.

30. Security is the Ability of a Man to Provide for himself.

The only true security for any individual is the opportunity, the ability, and the determination to work and plan and save for his own present and future. Self-reliance is vital to individual independence and personal freedom. No man can be "proud and free" who depends on others for his security.

31. When an Individual cannot Provide his own Security, the Responsibility should be Assumed by Others.

We believe that no one should starve, or be without adequate clothing and shelter, so those who have more than their basic needs share the responsibility of providing the essentials of security for those who need help.

32. Every Individual must Deal Fairly with other Individuals.

Honesty, fairness, and personal integrity are virtues that help free and independent individuals get along with each other without losing their independence.

33. Fair and Free Competition is a Good Thing.

Americans have always believed that competition among individuals or groups encourages greater effort which in turn brings greater benefits to all.

34. Cooperation among Individuals is Vitaly Important.

PRESIDENT EISENHOWER has said: "The freedom to compete vigorously accompanied by a readiness to cooperate wholeheartedly for the performance of community and national functions, together make our system the most productive on earth."

Principles of Individual Responsibility . . .

Freedom for individuals carries with it an equal responsibility to use that freedom wisely. Therefore, if we wish to remain free, we must faithfully fulfill our responsibilities as free men.

35. The Individual is Responsible for himself and his Family.

He must protect them and provide for their present and future well-being.

36. The Individual has Responsibilities to the Groups of which he is a Part.

He must give of his best to his community, his church, his employer, his union, and to every group in which individuals cooperate for their mutual benefit.

37. The Individual has Responsibilities to his Country.

He must be an active citizen, interesting himself in local, state, and national government, voting wisely, thinking and speaking and acting to preserve and strengthen freedom, equality and opportunity for every individual.

38. The Individual has Responsibilities to the World.

Man's horizons have expanded. What happens in the world affects him, and his actions can affect the world. Today, therefore, each man has a responsibility to act—and to encourage his country to act—so that freedom and cooperation will be encouraged among the people and the nations of the world.

For America's Future

Most of us are still confident of ourselves and of our country. We do not claim perfection. But we have faith in our ability to move forward, to improve, to grow, to provide more and more individuals with more and more of everything they want and need in life . . .

If we, the people of the United States, want to have more material benefits, we must believe in and follow these two principles:

39. The only way we can Have More is to Produce More; and

40. As we Produce More, we must make it possible for More and More People to Enjoy that which we Produce.

If we, the people of the United States, want to have a better life, spiritually as well as materially . . .

41. We must stand firmly for our Beliefs, our Rights, our Principles.

WALT WHITMAN, writing nearly 100 years ago, put it this way:

"There is no week, nor day, nor hour when tyranny may not enter upon this country if the people lose their supreme confidence in themselves . . ."

There are those who would chip away our confidence so that their special brand of tyranny might creep into America. They must not succeed. So, let us ask of every plan, or act, or idea . . .

Is it With or Against the Principles of America?
